IN MEMORIAM

Of dear mother, SUSAN TRUNNELL, who died 2 years ago yesterday, the 28th day of June, 1918. My heart, deep in sorrow, returns to this day.

As memory recalls my mother, I have no mother now. How that hour comes back, with each day.

A keener sense of loss to me, no tongue can tell. And when on earth I breathe no more, I'll meet you on the heavenly shore. Your lonesome daughter, Annie. 155-1p

IN MEMORIAM

In sad but loving remembrance of my dear father, GEORGE W. PALLANT, who departed this life so suddenly one year ago today, June 29, 1920.

Had I been with you to the last, And held your dying hand, And heard the last sigh from your heart, I might not feel so bad. I did not know the pain you bore, I did not see you die, I only know you went away. And did not say good by.

By his loving daughter, Minnie. 155-1p

SUNDAY SCHOOL PICNIC LABOR DAY

To be Staged by Ladies' Auxiliary of the Y. M. C. A.

FIX DETAILS JULY 26

Affair Will Mark Culmination of Attendance Contest in Sunday Schools—Expect 5,000 to Attend.

The Ladies' Auxiliary of the Young Men's Christian Association will stage the big Sunday School picnic Labor Day, September 6.

This was decided at the regular monthly meeting of the Auxiliary held at the Westminster Building last night.

Mrs. Harry B. Caton, president of the Auxiliary, declares that the picnic will be the largest Sunday School picnic ever attempted in the state. She admits that numerous denominational picnics of varying size have frequently attracted attention over the state, but calls attention to the fact that every Sunday School in the city is committed to the contest for attendance now being conducted by the Y. M. C. A., and states that this guarantees an attendance never before realized.

Mrs. Caton appointed Miss Cora L. Cochran and her committee to have complete charge of the dinner and refreshments arrangements. It is not improbable that this committee will have to provide smooth feeding facilities for more than five thousand people, but it was the unanimous opinion that the chairman of the committee was amply equal to the task.

The Auxiliary asked that the board of directors of the Y. M. C. A., undertake the task of providing music, transportation and whatever construction might be necessary to insure the best time the youngsters of Alexandria ever had.

Miss Corinne Reardon and Miss Eddie Dickert were appointed associate chairmen of the entertainment committee and they will doubtless draft associates from the many Sunday Schools engaged in the summer attendance contest. Miss Helen N. Cummings was appointed chairman of the decoration committee and it is easily assured that the aesthetic side of the holiday will be well taken care of.

The auxiliary will hold its next regular monthly meeting the evening of July 26, at which final details of the picnic will be completed.

MONEY FOUND

Does it pay to advertise? Well, ask a young woman who advertised in the lost column of the Gazette Saturday. As a result of a small lost ad she is \$22 better off.

The young woman Saturday dropped an envelope containing the foregoing amount on King street near St. Asaph street.

Her lost ad was seen by the finder, who is employed as a laborer at the plant of the Virginia Shipbuilding Corporation. He brought the money to the Gazette Office yesterday afternoon in less than an hour afterward it was restored to its owner. The finder stated he did not desire his name used, being too modest for publicity, but simply desired the money restored to its lawful owner.

VIRGINIA TO GIVE GLASS ITS SUPPORT

Delegates to Convention in San Francisco Map Out Their Program

W. J. BRYAN'S PLANKS

Should They Fail, Must be Brought in Convention Endorsed by Minority Report.

San Francisco, Cal., June 29.—Virginia will cast her vote for Senator Carter Glass for President and she will not have any second choice. The idea of such a thing is not considered.

These Virginians are here for a purpose—to name Senator Glass for President and they are on the job. Congressman H. D. Flood, of Appomattox, who was made chairman of the delegation at Colorado Springs, when there was a lay-off for a few hours made this statement. The delegation reached here Saturday night, and no sooner had the men landed than they began to circulate and talk Senator Glass. The other states are looking on with approving glances and Senator Glass is being discussed in many places. M. R. Morgan, of Eagle Rock, is secretary of the Virginia delegation.

These Virginians are loyal to President Wilson and they are solid against the admission of Senator James A. Reed, of Missouri, to the convention especially as he had been rejected by the state convention, by the committee on credentials and now seeks to force the fighting by going to the national convention Senator Reed is against anything President Wilson demands or suggests, and the Virginians are not disposed to waste any time on him.

Another thing on which the delegation will present a solid front is the liquor issue. The congress of the United States has finally passed on that proposition, and the seal of the supreme court of the United States has been added, and representing the sentiment of the Old Dominion, the delegates from that state are to uphold the expression of the will of the people.

Members of the Virginia delegation the rear guard of which did not reach the convention city until after 8 o'clock Sunday night, caucused at 10 o'clock yesterday morning and ratified the organization slate made-up while the Virginians were at Colorado Springs. The organization is as follows:

Chairman—Representative Hal D. Flood.
Secretary—M. R. Morgan, Eagle Rock.

Member Resolution Committee—Senator Carter Glass.
Member Credentials Committee—Hiram M. Smith, Richmond.

Member Organization Committee—E. Frank Storey, Franklin.
Member Rules Committee—George C. Perry, Bristol.

Member of Committee to Notify the Nominee for President—E. I. Ford, Newport News.
Member of Committee to Notify the Nominee for Vice-President—C. S. Bennett.

Honorary Vice-President—J. P. M. Joyce, Norfolk county.
Honorary Secretary—P. B. Halligan, Carson.

Any planks which William J. Bryan may desire to have inserted in the platform and which fail to pass approval of the resolutions committee will, therefore, have to be brought into the convention with the endorsement of only a minority report.

FAVOR SPARKLERS

Residents Think Prohibition Would Take Joy Out of Fourth

A number of prominent women of the city are urging the authorities to abolish the use of sparklers in the Fourth of July celebration. It is pointed out by those favoring this that they are practically harmless despite the opinion of others to the contrary. One woman stated today to a representative of The Gazette that she asked the children to use them in her yard but did not want to encourage the children to break any law which might prohibit their use. For this reason she expressed hope that Alexandria the authorities would overlook their use. She pointed out that the sparklers are permitted in practically every other city and to prohibit their use would be putting Alexandria in a class by itself. These devices it is stated have been used indoors without any had effect.

WILSON FORCES IN COMPLETE CONTROL

President, Through Agents, Controls Convention Proceedings

CUMMINGS' SPEECH

Speaker Flays Enemies of League of Nations, Charging Them With Conspiracy, Inspired by Jealousy.

San Francisco, June 29.—Those who attended the first session of the convention, which opened at noon yesterday, witnessed a great demonstration for Woodrow Wilson and a thorough exemplification of the fact that the Wilson forces are in complete control.

The steam roller which operated at Chicago at the command of Boies Penrose, was in evidence here with the President through his agents in the convention directing the proceedings. The insurgents appear to be in hopeless minority.

Making the peace treaty and the league of nations the dominant issue in the coming presidential campaign, Senator Cummings, as temporary chairman of the convention, yesterday delivered the keynote speech. Cummings devoted half of his time to a discussion of the treaty and its reception by the senate. Cummings raised Democratic achievements of the last eight years and uttered ringing denunciations of the Republican party. Speaking of the league of nations plank in the Republican platform, Cummings said: "It praises without discrimination all the Republican senators who participated in its defeat. Its word of benediction falls upon the irreconcilables, the lodge reservationists, the mild reservationists and those who proposed separate peace with Germany. It is enough to know that the 'Old Guard' sold the honor of America for the privilege of nominating a reactionary for President."

After naming the nations that have ratified the peace treaty Mr. Cummings said: "What nations stand outside? Revolutionary Mexico, Bolshevik Russia, unspeakable Turkey and—the United States of America." He accused the Republicans in the senate of conspiracy to defeat the treaty because they were "moved by a strange and inexplicable jealousy of the President."

Speaking of the sacrifices President Wilson made for the treaty, he said: "Congress was in session for months while the President lay in the White House struggling with a terrifying illness and, at times, close to the point of death. The President made every sacrifice for the cause of peace" Mr. Cummings declared, "while at home there was widespread propaganda making it imperative that he take up in his own country a struggle for the preservation of that which had been won at incalculable cost. Following the superhuman labors of seven years of unexampled service, this man the wreck of his health—and worse than physical sickness, the sickness of heart which comes from the knowledge that political adversaries are savagely destroying the hope of settled peace. This was the affliction—this the crucifixion."
